Aspen/Snowmass, anywhere else this would be four separate vacations. It's not just one mountain. Snowmass, Aspen Mountain, Aspen Highlands and Buttermilk. Decide which mountain fits your passion. Four choices and over 5,000 acres. Snowmass, so many runs, so much variety – cruisers, steeps, glades, off-piste, terrain parks, superpipe, and the longest lift-served vertical rise in the U.S. Rising out of the heart of downtown Aspen and famous for its steeps, bumps and incredible views, Aspen Mountain and its double-black and tree runs are fun for skiers and snowboarders alike. Known as the locals' favorite mountain, Aspen Highlands features extreme terrain, groomed cruisers and breathtaking views of the Maroon Bells. For the ultimate ski/snowboarding experience, hike up and drop into Highland Bowl, Home of the ESPN Winter X Games through 2010. Buttermilk also remains North America's best family learning center. While experts frolic in the X Superpipe and terrain park, the rest of the family can cruise on the wide, rolling trails. Aspen/Snowmass, Experience the Power of Four.
