THE INSIDE LINE

Steeped in tradition, Sun Valley Heli Ski pioneered American helicopter skiing, setting the standard for nearly five decades. A vast territory covering three mountain ranges provides unparalleled access to Idaho's legendary powder and terrain for all abilities. Historically the destination of Hollywood insiders and European nobility, Sun Valley boasts a variety of exclusive lodging, dining, and nightlife to complement our unique heli-ski experience. Daily jet service from gateway cities makes Sun Valley easy to reach compared to most US and Canadian heli-ski operations. With over 100 years combined experience amongst our guide crew, no one can better find the lightest, deepest snow. Drift through endless tree runs, or take in the grand vistas of our high alpine terrain as you cruise open bowls. Our team works to keep you safe, and gives you a day of skiing you'll never forget. Finish your day with friends or family at one of America's premier luxury resorts. With abundant choices of restaurants and taverns, you'll have no trouble finding a place to share the day's adventures.
